Company Description

Eversource Energy, Inc. (NYSE: EVRG), through its operating subsidiaries Eversource Energy Metro and Eversource Energy Kansas Central, provides clean, safe and reliable energy to 1.6 million customers in Kansas and Missouri. The 2018 combination of KCP&L and Westar Energy to form Eversource created a leading energy company that provides value to shareholders and a stronger company for customers. Eversource's mission is to empower a better future. Today, about half the power supplied to homes and businesses by Eversource comes from emission-free sources, creating more reliable energy with less impact to the environment. We will continue to innovate and adopt new technologies that give our customers better ways to manage their energy use. For more information about Eversource, visit us at www.eversourceenergy.com.

Company Description

MGE Energy is a public utility holding company. Its principal subsidiary, Madison Gas and Electric, generates and distributes electricity to 155,000 customers in Dane County, Wis., and purchases and distributes natural gas to 163,000 customers in seven south-central and western Wisconsin counties. MGE's roots in the Madison area date back more than 150 years.

Company Description

WEC Energy Group (NYSE: WEC), based in Milwaukee, is one of the nation's premier energy companies, serving 4.6 million customers in Wisconsin, Illinois, Michigan and Minnesota. The company's principal utilities are We Energies, Wisconsin Public Service, Peoples Gas, North Shore Gas, Michigan Gas Utilities, Minnesota Energy Resources and Upper Michigan Energy Resources. Another major subsidiary, We Power, designs, builds and owns electric generating plants. In addition, WEC Infrastructure LLC owns a growing fleet of renewable generation facilities in the Midwest. WEC Energy Group (wecenergygroup.com) is a Fortune 500 company and a component of the S&P 500. The company has approximately 42,000 stockholders of record, 7,500 employees and \$37 billion of assets.

Company Description

IDACORP, Inc. (NYSE: IDA), Boise, Idaho-based and formed in 1998, is a holding company comprised of Idaho Power, a regulated electric utility; IDACORP Financial, a holder of affordable housing projects and other real estate investments; and Ida-West Energy, an operator of small hydroelectric generation projects that satisfy the requirements of the Public Utility Regulatory Policies Act of 1978. Idaho Power began operations in 1916 and employs approximately 2,000 people to serve a 24,000-square-mile service area in southern Idaho and eastern Oregon. Idaho Power's goal of 100% clean energy by 2045 builds on its long history as a clean-energy leader providing reliable service at affordable prices. With 17 low-cost hydropower projects at the core of its diverse energy mix, Idaho Power's more than 580,000 residential, business, and agricultural customers pay among the nation's lowest prices for electricity. To learn more about IDACORP or Idaho Power, visit www.idacorpinc.com or www.idahopower.com.

S&P Credit Ratings and Research provided by

S&P Global
Ratings

Branches are sourced from disclosed branch addresses which in aggregate may differ from totals reported in financial statements and other company documents.

States of operation are included for U.S. companies actively covered in the S&P Global Market Intelligence platform and with the following operations: generation (regulated or merchant), electric distribution, electric retail sales, natural gas distribution, natural gas retail sales, coal mining, coal processing, or coal sales. Lines of business details are available for electric transmission and Canadian generation. Coverage may not be inclusive of the institution's complete organizational structure and lines of business.

Intraday data is available for certain exchanges. In all cases, the data is at least 15 minutes delayed.
